The Office Action of June 13, 2007, was received and its contents carefully reviewed. Claims 1-41 were originally presented in the application as filed and are pending. The Examiner indicated that Invention 1 is directed to claims 1-14, Invention 2 is directed to claims 15-24, Invention 3 is directed to claims 25-31, and Invention 4 is directed to claims 32-41.

In response to the Restriction Requirement mailed June 13, 2007, Applicants elect Invention 3 directed to claims 25-31 without traverse. Applicants respectfully reserve the right to present the withdrawn claims in one or more divisional applications. Claims 25-31 are now pending.

Applicants respectfully request examination of the application on the merits. If any additional issues exist, or if the Examiner believes that a conference would be beneficial in expediting the prosecution of the present application, Applicants invite the Examiner to telephone counsel to arrange such a conference.

Respectfully submitted,
